

# Weekly Status Report

## Weekly Status Report – Sample: Week 1

**Project:** Scholarship Management Portal

**Week Ending:** 10-Jan-2025

**Project Manager / Delivery Lead:** Priya Singh

**Overall RAG Status:**  Green

### 1. Overall Status & Summary

**Overall RAG:** Green

**Summary:**

Project initiation completed and core stakeholders confirmed. Charter is in draft and nearly ready for sign-off. No major risks or issues at this early stage; dependencies and RAID log have been started.

### 2. Accomplished This Week

- Drafted **Project Charter** (problem statement, objectives, scope, assumptions, constraints).
- Identified and confirmed **key roles and stakeholders** (Sponsor, Product Owner, BA, Dev Team, IT/Security).
- Created initial **RAID log** and **Dependency Tracker** structure.

### 3. Plan for Next Week

- Finalize and obtain **Sponsor sign-off** on the Project Charter.
- Schedule and prepare for **requirements discovery workshops** with scholarship programs team.
- Draft high-level **process flows (as-is / to-be)** for the current and future scholarship application processes.

### 4. Top Risks / Issues (from RAID)

- **R1 – Dev capacity risk (2 developers only):** Impact = High. Mitigation: Focus on clearly defined MVP scope; defer non-critical features to later phases.
- **R2 – Requirements changes risk:** Impact = High. Mitigation: Plan early workshops and formal sign-off; set up simple change control process.

## 5. Decisions Needed (Escalations / Approvals)

- **Decision:** Approve **Project Charter** and MVP scope.
  - **Owner:** Sponsor (Dr. Olivia Martinez)
  - **Due By:** 15-Jan-2025

## 6. Schedule / Budget Notes

- **Schedule:** On track – initiation completed as planned; no slippage reported.
- **Budget:** On track – using internal resources (2 developers + BA); no incremental spend yet.
